

Become a Proud Supporter of the
CT STEM Academy VEX IQ Robotics Team
Team 55508

To Our Local Business Owners,

The CT STEM Academy Robotics Team is composed of dedicated and talented girls and boys ranging from ages 10 - 14 who meet on Saturday mornings learning about robotics and preparing for local, regional and national competitions. Our program is entering its fourth year and **we are six time World Championship Qualifiers and Participants!**

Our team is asking for your support in reaching our fundraising goal for the 2022-2023 season for competition materials and costs. **We will list your company/name on the back of our branded t-shirt to recognize your support of our team.** The participants, parents, and coaches will wear the shirt at meetings, competitions and activities throughout the 2022-2023 season. Thank you for your support!

Additionally, we will post an announcement on social media recognizing your support.

Sincerely,

Laura Juarez
Director, CT STEM Academy Wallingford Robotics Program
203.294.2175

_____ I would like to sponsor the VEX IQ Robotics team for a \$50 donation.
